

# ON-TIME PERFORMANCE AEROPUERTOS

El desempeño en puntualidad (también denominado OTP del inglés On-Time Performance) es el porcentaje de vuelos que llegan y salen dentro de los 15 minutos del horario programado.

La clasificación de OTP mundial se asigna a todas las aerolíneas y aeropuertos para las que OAG tiene una cobertura de por lo menos el 80% de los vuelos programados.

El estado de cobertura solamente se basará en los horarios reales logrados en la puerta de embarque en vez de horarios estimados. Esto puede resultar en la exclusión de algunas aerolíneas o aeropuertos de este informe.

Si desea revisar su fuente de estados de vuelos con OAG, sírvase escribir a [contactus@oag.com](mailto:contactus@oag.com)
