Contents

On-Time is percentage of flights that depart or arrive within 15 minutes of schedule.

Global OTP rankings are only assigned to all Airlines/Airports where OAG has status coverage for at least 80% of the scheduled flights.

Status coverage will only be based on actual gate times rather than estimated times. This June result in some airlines / airports being excluded from this report.

If you would like to review your flight status feed with OAG please contactus@oag.com
