Notes: % On-Time is percentage of flights that depart or arrive within 15 minutes of schedule.

Source: OAG flightview. Any reuse, publication or distribution of report data must be attributed to OAG flightview. Global OTP rankings are assigned to all Airports where OAG has status coverage for at least 80% of the scheduled flights.

Update: Status coverage as of August 2018 will only be based on actual gate times rather than estimated times. This August result in some airlines/airports being excluded from this report. Global OTP rankings are assigned to all airlines/airports where OAG has status coverage for at least 80% of scheduled flights. If you would like to review your flight status feed with OAG please contactus@oag.com
